Welcome to “Huellas” Natural Spa

In this health center, we are committed in keeping the “Huellas” (footprints) of ancient massage techniques and body work therapies. Returning to the experience when spiritual health and well-being were a natural priority.

That is why, we are focused on using the available products that our loving Mother Earth gives us after day. Colorful flowers and fruit, as well as sounds, aromas and tastes. Everything encompassed in the circle of passion and respect that we offer to our clients, completing your treatment with a delicious tea or mineral water.

“Huellas” Natural Spa invites you to be part of the magical power of this experience.
